Part of Conextivity Group

COMPLIANCE STATEMENT REGARDING
EU REACH regulation (EC) No 1907/2006

Registration
Fischer Connectors qualifies as a "downstream user of substances" and is not a "producer/importer of substances". To the best of its knowledge, all its products* delivered to customers comply with the legal obligations regarding Registration of Chemicals.

Evaluation of Substances of Very High Concern (SVHC)
The SVHC listing was last updated in February 2026. There are now 253 identified substances. Please refer to the ECHA website for the SVHC listing status (https://echa.europa.eu/candidate-list-table).
As per Article 33 of the REACH Regulation, Fischer Connectors hereby certifies that none of its products* is intended to deliver substances and notifies customers that some of its products* may include components which contain more than 0.1% by weight of lead, a SVHC Candidate Substance.
Details of this substance can be found on the following page of this document.

Authorization List - Annex XIV
Fischer Connectors products* do not contain any of the listed substances included in Annex XIV "Authorization List".

Restriction List- Annex XVII
Substances included in Fischer Connectors products* are not under any of the restrictions of Annex XVII "Restriction List".
