Part of Conextivity Group

COMPLIANCE STATEMENT REGARDING
EU RoHS Directives

Fischer Connectors hereby certifies that, in conformity with the European Directives 2011/65/EU and 2015/863/EU about the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS), its products** are **RoHS compliant.**

The following substances

- Lead*
- Mercury
- Cadmium
- Hexavalent chromium
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)
- Phtalates (DEHP, BBP, DBP, DIBP)

may be contained within the limits required by the Directives.

* With Exemption 6(c) – Annex III "Lead as an alloying element in copper alloys containing up to 4% lead by weight."
Applicable legislative basis for this exemption:
Commission Delegated Directive (EU) 2025/2364, published in the Official Journal of the European Union on 21 November 2025, entering into force on 11 December 2025 (amending Annex III of Directive 2011/65/EU regarding exemptions 6(a), 6(b), and 6(c)).
The exemption was confirmed with an expiry date of 30 June 2027 for all product categories.
Note on renewal status: As of December 2025, a new renewal request for Exemption 6(c) was submitted to the European Commission on 12 December 2025. In accordance with Article 5(5) of Directive 2011/65/EU, the exemption remains valid while the renewal application is under review by the Commission, irrespective of the published expiry date of 30 June 2027.

**Materials for specific cable assemblies manufactured outside of our Fischer Connectors Swiss, EU and US facilities and materials and items provided by customers for the specific manufacture and production of custom assemblies are not assessed by Fischer Connectors for RoHS conformity.
